

Bee Haven Childcare: Spring Break Day Camps 2012

Providing Exceptional, Fully
Licensed Programs since 1995

www.beehavenkids.com

Why Choose Bee Haven: Bee Haven offers winter, spring, and summer break camps, as well as professional day camps led by trained and experienced staff, who all have at least 5 years' experience in the fields of childcare and/or teaching. Our camps always have special weekly themes, and are planned with fun and educational field trips, and activities. Our focus is on making every child's experience; safe, fun, and educational. At Bee Haven camps your child will get it all; distinctive programming, field trips, games, arts and crafts, science experiments and special guests. Every day is a new adventure, and at our camps we foster an environment of inclusion and positive social growth. Generally Bee Haven uses its own vans as transportation, giving us more time to enjoy field trips, and saving the hassle and confusion of daily public transportation that other camps use.
